

Greetings!

For the past several years Catalyst Ministry has facilitated an active ministry with the Woodlawn Homes Community in Painesville. During this time we have made more friends than we can count; both within the Woodlawn Community and with ministry partners who have served with us.

On the third Saturday of every month we help to coordinate relationship building opportunities. These activities have ranged from cooking classes for single mothers, game nights, movie nights, full community BBQs, organized kickball and foursquare, Halloween parties, and so many more. We invite you to consider partnering with us one month to help make one of these activities happen.

**Here is how it works:**

- You pick the month you want to partner with us (based on availability).
- We discuss what has been done in the past and help you dream about what best fits your church/organization/group.
- We help you plan the details and logistics with the help of our friends in Woodlawn.
- We help you onsite during your activity.
- We follow up after your activity to help you review and discuss potential future engagement.
- Repeat!

We would love for you and your church/organization/group to join us as we continue to Be Jesus to the Woodlawn Homes Community. To get started or discuss questions/details please email us at: [info@catalystministry.org](mailto:info@catalystministry.org).

We look forward to partnering with you soon!

Patrick Cannon, Executive Director
